Desap Enterprises, Greater Manchester, England, United Kingdom *Front-End Developer - Reactjs // April 2023 – Present – full-time remote*

I'm a member of team of about 30 people that working on educational project. I developed a design system with react, Tailwind and AntDesign to integrating, increase performance and fast development in future and new components. Also I refactored all old components and use new design system components.

Peramoon.com, Kashan, Isfahan

Front-End Developer // Oct 2017 – march 2023 – full-time on-site

In this company, with a team of 10 people, we designed and developed a Single Page Application organizational software for Pramoon company in a multilingual way, which covers all the processes of production line, warehousing, sales, ticketing, archiving, etc. Currently, more than 30 sales branches in Iran, factory production line, warehouse staff and office workers use this software. My responsibility in this software development and support team was on the client side, which was implemented using angularjs. I also developed peramoon.com using vuejs and nuxtjs.

Sai.co.ir, Kashan, Isfahan

Front-End Developer // Feb 2020 – Feb 2021 – part-time on-site

In this company, I was responsible for developing the website and PWA App. During this time I developed several websites with HTML, CSS, jQuery, Angular and two PWA App using Angular, one for selling products and the other a super application for displaying videos, images, news, articles, book viewing, audio book playback, It was selling flight tickets, charging SIM cards, and so on. The App also had a web-based App for video playback that was logged in using QR Code and PWA App. Some of my portfolio in this company:

- Sai.co.ir
- Golabekabeh
- solh.ir – this website is redesigned by me (private project)

Kaspianweb.com, Kashan, Isfahan

Front-End Developer // Feb 2013 – Feb 2020 – full-time on-site

In this company, I implemented more than 80 websites using HTML5, CSS3, jQuery. In this company, I was in charge of the Front-End development team, which had three people working in my team. Some of my portfolio in this company:

- Kaspianweb
- Kashanticket
- Asayeshcarpet
